The Buhach Co.

Dear Sir or Madam:

HELP! We are holding an outdoor wedding and reception in 3 weeks and cannot find a way to control the mosquitoes this year.

We just returned from Alaska, where your powdered pyrethrin was most effective at the camp we visited.

Do you have a distributor in Albuquerque, any outlet at all?

If not, is there anyway to purchase your product by mail?

Here is a chance to save a wedding, a revolt of the in-laws, and high stress of the bride.

Please call:  I'm in most of each day.

Looking forward to hearing, we are,

Hopefully yours,
